

Child Supervision Policy

*Strong swimmer – Must be able to swim 25m confidently, and unaided.

*Pool Hall area includes sauna and steam rooms, and viewing gallery.

Please note this is for the safety of your children as it allows our lifeguards to maintain vigilance of the whole pool rather than just an individual.

Thank you for your co-operation in this matter.

Example 1: Adult brings 3 children swimming, ages 5, 7, & 9 yrs. If the 9 year old can swim 25m unaided, the family can swim.

Example 2: Adult brings 3 children swimming, ages 3, 5, & 7 years. The family cannot swim, as they need 1 more supervising adult.
